Benefits

Increase revenue

- Monetize access to meeting rooms and other spaces through tiered memberships or an on-demand booking system.
- Offer 24/7 access and automate services based on tiered memberships.
- Get capacity insights so you can optimize space utilization.
- Automatically revoke access to non-paying users.

Improve access experiences

- Impress members with a modern access control system with mobile access.
- Unlock doors with a single tap in the app, waving a hand in front of a Kisi reader or tapping your mobile device to the reader.
- Allow new members to book meeting room spaces and amenities, and automatically get access through Kisi.
- Incorporate Kisi with SDK or integrate with your existing software so your members don't have to download the Kisi app to unlock.

Streamline access management

- Seamlessly manage hot desks, conference areas, private offices, and other areas.
- Use scheduled unlocks for conferences.
- Unlock doors for unexpected vendors, including cleaners, remotely via mobile.
- Easily showcase the facility to possible members and rapidly grant access to visitors.

Useful integrations

Customize Kisi to meet your unique needs with our library of integrations. Kisi integrates with all major CRMs and coworking software including OfficeRnD, Archie, Cobot, Coworks, Nexedus, and Optix.

Minimize security threats and keep up-to-date with frequent user changes by connecting Kisi with CRM or SCIM. Streamline processes and improve security by integrating Kisi with enterprise software solutions like Microsoft Azure or Google Suite.

Integrate security cameras, data analytics tools, visitor systems, and real estate software to enjoy more control with less manual overhead.
