Benefits

Boost revenue

- Enable 24/7 access and discover new monetization opportunities.
- Reduce front-desk staffing requirements with our keyless, mobile-based access control solution.
- Add tiered memberships to boost revenue and automate granting specific access permissions for different membership levels.

Reduce non-paying members

- Stamp out tailgating and membership fraud with video surveillance and real-time alerts.
- Ensure the right membership levels can access the spaces they pay for.
- Eliminate lapsed memberships by integrating with CRM and membership management solutions like Glofox and Exercise.com.

Optimize franchise operations

- Mobile passes allow access to multiple facilities or different areas within a space.
- Make better decisions based on detailed visitation patterns to optimize space utilization.
- Streamline staff schedules, maintenance, and operating hours based on activity and usage.
- Manage global franchises from a single dashboard.

Useful integrations

Customize Kisi to meet your unique needs with our library of integrations. Integrate security cameras, data analytics tools, visitor systems, and software to enjoy more control with less manual overhead.

Minimize security threats and keep up-to-date with frequent member and staff changes by connecting Kisi with your membership system. Kisi integrates with leading CRM solutions like Glofox, Gymflow, or Exercise.com. Use Kisi with your SSO provider of choice, like Okta, OneLogin, or JumpCloud, to enable simplified user management and compliance audits.
