Empowering employees

Tens of doors in one click

Let members access multiple locations from using the same credentials.

Easy booking

Let your employees autonomously book rooms and get access for a specific time span.

Secure your space

Only allow staff to enter determined areas of your space (e.g., storage room, staff office).

An admin's dream

Always in sync

Kisi is always in sync with your directory. Every new hire or deleted contract will automatically update in our dashboard, without even needing to open it.

One dashboard for all locations

Manage access control for your locations from a centralized dashboard.

Easy check-in

Use our solution as a check-in point for your customers. You will discover new insights about occupancy and space utilization.
