

Connecting members to your space

NEXUDUS

kisi

Empower your admins by connecting Nexudus and Kisi. This will enable them to grant and revoke access, monetize your meeting rooms, and work from a centralized dashboard.

Deploy independence

Tens of doors in one click

Let members access multiple locations from using the same credentials.

Members decide

Your members can autonomously decide which meeting room to book and at what time. They will receive access for that timespan and get billed automatically.

24/7 access

Let your members access your facility (you choose which rooms) at any given time. This equals more freedom for them and more revenue for you.

An admin's dream

Tiers on time

Create new membership tiers based on the time users can access your space.

One dashboard for all locations

Manage access control for your locations from a centralized dashboard.

Easy check-in

Use our solution as a check-in point for your customers. You will discover new insights about occupancy and space utilization.
