Visitor management

## A smarter front desk experience, right out of the box.

Replace paper sign-in sheets and manual check-ins with a sleek, self-serve kiosk that handles visitors, members, bookings, and more, fully integrated with the Kisi platform.

The Kiosk Pro gives organizations a flexible, touchscreen-based station that works as a door reader, check-in terminal, visitor registration point, and booking interface, all in one device.

Whether you're securing an office lobby, managing a gym floor, or tracking time at a worksite, Kiosk Pro fits right in.

Width

10.12 in (257.1 mm)

Height

6.64 in (168.7 mm)

Depth

0.27 in (6.9 mm)

\*Tablet table stand sold separately

### Simplified. Seamless. Secure.

From daily gym members and office employees to first-time visitors and event attendees, the Kisi Kiosk Pro manages every interaction. Use the intuitive interface to check in, browse resources, or gain entry with a simple QR code scan. Manage your entire facility's flow on the fly right from the Kisi dashboard.

### Effortless entry. Enhanced arrivals.

Streamline your front desk with a self-service station that handles everything from visitor registration to badge printing. Enable users to check into fitness classes or track their work hours even when staff isn't present, and maintain a detailed audit trail of every event for total peace of mind.

### Instant booking. Total transparency.

Secure your resources with a clear interface that lets users browse and book meeting rooms or equipment directly on-site. Strengthen your facility management and boost revenue by displaying digital promotions or sign-up opportunities, ensuring a professional experience for everyone who stops by.
